DISTRICT MANAGER

The Solano County Mosquito Abatement District seeks an experienced, forward thinking District Manager to lead the District's operations serving all incorporated and unincorporated areas of Solano County. Responsibilities include staff leadership, budgeting and fiscal oversight, program development, facilities and fleet management, and interagency coordination. This position requires strong communication skills, knowledge of mosquito biology and surveillance methods, and experience with GASB and CalPERS compliance. Serves at the direction of the Board of Trustee. Salary is negotiable.
